

RIGID ENFORCEMENT OF PROHIBITION BEGINS MONDAY

When the New Prohibition Commissioner Takes Charge of Enforcement of the Law

Commissioners for Each State to be Appointed Today----30,000 Officials to Assist

RALPH COUCH,
(Written for the United Press)

Washington, Nov. 13.—An army of more than 30,000 officials will spring to life Monday, Nov. 17, when J. F. Kramer, newly appointed federal prohibition commissioner takes charge of the battle of making the country "alcohol tight" under the enforcement act for war-time and constitutional prohibition. More than five hundred arrests already have been made under the act it was unofficially estimated today by some of the former helpers and received by the internal revenue bureau.

Today officials were working midst the last minute rush of perfecting the machinery that was set up October 28 when the enforcement act went into effect over President Wilson's veto.

Deputy Commissioner Gaylord plans to name department commissioners before night that will be the chief lieutenants of "General" Kramer. The forty-eight state commissioners will be named from day to day. It is also planned to add to the personnel of the already big force of inspectors or "dry law detectives" who will be organized into a flying squadron with headquarters in every ninth department under tactics now mapped out for the prohibition army.

The flying squadron will aid in raiding and swooping down on any sector where bootleggers are operating. The army is backed by \$2,000,000 appropriated by congress to enforce the first year of prohibition. Reinforcements will be available July 1, 1920, according to the internal revenue bureau. Officials say that congress will then make a new appropriation. Officials plan to ask for \$4,000,000 for the second fiscal year.

New Democratic Floor Leader to be Chosen in Senate

By RAYMOND CLAPPER
(United Press Correspondent)

Washington, Nov. 13.—Democratic members of the senate will hold a caucus within a few days to pick a minority floor leader to fill the vacancy caused by the death of Senator Martin of Virginia.

Senator Hitchcock of Nebraska, Underwood, Alabama and Simmons, N. C. are the three foremost candidates.

Underwood, the youngest in point of years and service, is a favorite. He has been in the senate only since 1915. Hitchcock came in 1911, and Simmons in 1901. But Hitchcock is a Nebraska man and is not expected to hold the southern democrats against Simmons or Underwood. Simmons is a strong southern democrat who has always supported the administration.

Two Burned to Death in Movie Theatre

(By United Press)

Faribault, Minn., Nov. 13.—Two men were burned to death in a movie theatre in Morristown, ten miles west of here, last night. They were H. Hershey, age 37, owner, and Leonard Witter, operator. Both were in the machine room of the theatre when a carton of films exploded. They were not missed until the building was burned. Their bodies were found later.

President Writing Annual Message to the Congress

Will Not be Able to Deliver it in Person as on Previous Occasions

(By United Press)

Washington, Nov. 13.—President Wilson has begun consideration of his message to the regular session of congress which meets December 1, it was learned at the White House today.

Whether the president will dictate the message or write it out in long-hand depends on his condition. He is mending rapidly but Dr. Grayson does not want him to undertake too much.

Nearly all of the messages to congress as well as the notes to Germany have been written by the president on his own typewriter in his study. It is unlikely that he will be able to write the coming message in this way.

Since coming to the White House he has appeared before congress each session and read his message but it is improbable that he will be strong enough to go to congress December 1. Because of the unsettled labor conditions and the doubtful state of the treaty the part of the president's message dealing with these subjects will be the next put on paper. Railroad legislation is another matter which is now unsettled and upon which it is expected the president will have something to say.

Slump in Stock Releases Vast Sums

To be Available for Use in Legitimate Business Enterprises, Officials Think

Washington, Nov. 13.—Approximately eight billion dollars will be released to help local enterprises throughout the United States as a result of the crash in the New York stock market yesterday. Government officials here stated that this vast sum, when it is no longer attracted by speculators, will be available to local business firms in need of cash to increase productions, building factory additions, buying new machinery and boosting business generally, it is believed.

This will tend to help reduce prices and living costs officials hope. Financial experts believe that the orgy of speculation is ended. The treasury department sounded warning against speculators early in the summer.

Hitchcock Presents Cloture Petition

Washington, Nov. 13.—Senator Hitchcock today presented the cloture petition to limit the debate on the peace treaty. Twenty-two names were signed to it.

Argument Made For New Trial For A. C. Townley

Jackson, Minn., Nov. 13.—Arguments for a new trial for A. C. Townley, president of the National Non-Partisan League, convicted Sept. 15 on "disloyalty" charges, were made before Judge Dean in the district court here today. Both were sentenced to 90 days in jail Sept. 15 and a stay of 60 days was granted. If a new trial is denied they will appeal to the supreme court.

MAJ. E. S. SAVAGE

Maj. Edwin Sidney Savage, Order of the Golden Cross, who has an enviable war record, came to this country to collect funds to aid Serbian orphans.

Labor Unions Protest Against Lax Enforcement of Anarchy Laws

(By United Press)

New York, Nov. 13.—Demanding that the death penalty be sought for the reds held here on trial for criminal anarchy, is made by the railroad and other unions in a letter to the senate judiciary committee.

"The law passed by congress specifically provides such acts are acts of treason and punishment by death," the letter reads.

It also contains a protest against the loose manner in which the department of justice is continuing the campaign against bolshevik, anarchists and "traitors."

Silesia Elections Void

Paris, Nov. 13.—The supreme council of the peace conference today decided to nullify Germany that elections in upper Silesia are void.

The council also decided to nullify Roumania of the consequences in case she fails to comply with the allied command regarding her occupation of part of Hungary.

More Reds are Arrested

For the Massacre of American Legionnaires at Centralia, Wash.
(By United Press)

Centralia, Wash., Nov. 13.—Arrests of alleged I. W. W. members continued here today in connection with the massacre of American Legionnaires Armistice day. The total arrests number thirty today.

"We are rounding up the reds as fast as possible" said chief of police Hughes, to the United Press.

Among those arrested is Mrs. Marie McAlester, an elderly woman, who is an avowed radical. She is alleged to have remarked the legion threatened to raid her hotel a "wobbly hang out" and that the boys "got them" for it.

Several hundred men crowded around the jail last night. They are threatening and sullen. Reinforced military forces were rushed to the place and the crowd driven back.

Bridge Guard Fired On

Centralia, Wash., Nov. 13.—While thirty alleged I. W. W.'s in the city jail here are gazing upon the horrible spectacle of their lynched companion strung up before them, two hundred deputies and military men today surrounded a man who fired upon a bridge guard.

The body of the man lynched Tuesday night after the Armistice Day parade had been fired upon, was dragged through the streets of Centralia. At the city jail the body was held up to the gaze of the imprisoned men. No attempt was made to storm the jail. The man who was lynched has been identified as Ernest Everett, an I. W. W. organizer.

George Paxton, on guard duty at the bridge between here and Chehalis, was fired upon by a lone gun man at 3:30 A. M. He returned the fire but he could not see his opponent. A posse was quickly organized and gave chase. Paxton was not wounded.

Cities of the northwest were notified today to be on guard for Bert Brand, charged with the killing of Lieut. Warren O. Grimm in the massacre of the Legionnaires.

Legionnaires in many detachments continue their round up of radicals in conjunction with police.

Word was later brought here by the members of the posse that the man who fired on Paxton had escaped.

W. Haynes was arrested today at a logging camp of the Eastern Railroad Lumber Co. He is alleged to have been one of the men on Seminary Ridge who fired on the parade.

Earl of Brassey Hit by Taxi, Dies

London, Nov. 13.—Thos. Alhutt Brassey, died late yesterday from injuries sustained when struck by a taxi cab.

The Earl of Brassey was widely known as a yachtman.

Delegates From Six Nations Who Compose Steering Committee of International Labor Conference

This photograph shows the thirteen men who compose what is known as the Steering Committee of the International Labor Conference which has convened in Washington under the provisions of the League of Nations covenant. They represent six nations. Their number, thirteen, has caused comment in some quarters

but the delegates themselves refuse to worry. They are, from left to right (front row): Stuart Dunning, Great Britain, workers' delegate; Sir Malcolm Delevingne, Great Britain, government delegate; Arthur Fontaine, France, government delegate; M. Guerin, France, employers' delegate; M. Oka, Japan, government delegate; Signor di Palma, Italy, govern-

MRS. GEORGE BASS

Injunction Granted Kentucky Distillers

To Prevent the Federal Government From Interfering With Disposition of Liquors
(By United Press)

Louisville, Ky., Nov. 13.—A temporary injunction preventing the federal government from interfering with the disposition of their stock of liquor was granted to Wright & Taylor, and the Brown-Forman companies, distillers, by Judge Walter Evans in the United States district court here today.

The injunction temporarily frees the two distilling firms from operation of certain sections of the war-time prohibition act.

Attempts by other companies to dispose of stock will now imperil all prosecution according to W. V. Gray, district attorney, who outlined the program of the government to proceed individually against all offenders.

FEW MINERS ARE RETURNING TO WORK IN THE BIG FIELD

Only Two Districts, Tennessee and Colorado, Report Returning Miners

Trainmen Ask 60c a Day Raise

Which They State Will Give Them The Same Increase as Other Railway Workers Have Received
(By United Press)

Washington, Nov. 13.—A request for increase of 60c for an eight hour day is the chief proposal now before rail director Hines from the trainmen and conductors union which opened a conference with him Tuesday.

Hines today was expected to give the unions a final answer. At the conference Tuesday and yesterday he is understood to have made an offer below the amount requested.

"We are asking an increase to put the wage scale on the level of the increase granted other rail workers," said Lewis, president of the Brotherhood of Railway Trainmen today.

In August President Wilson told all railroad workers that they must not expect an increase proportionate to the advance of the cost of living until the government had been given the necessary time to reduce living costs. The President has emphasized that wage adjustments could not be made until then.

The request of an increase of 60c for an eight hour day represents our idea of what increase should be given trainmen, making the scale conform with the scale of other classes of railroad workers.

Attempt to Introduce Cloture

Ruled Out on a Point of Order, the Chair is Sustained by a Vote of 44 to 36
(By United Press)

Washington, Nov. 13.—An attempt to hasten action on the peace treaty failed in the senate today when a cloture petition to limit debate introduced by Senator Hitchcock, democrat, was ruled out of order.

Senator Cummins, president pro tem of the senate, who made the rule, was sustained by senators 44 to 36.

Senator Hitchcock contended that his petition which would have forced a vote early next week was intended to limit debate on the pending Lodge reservation. Republicans objected to this view, contending that the cloture would apply to the whole treaty debate.

After the Hitchcock petition was ruled out, republicans announced they would bring in one of their own later. Senator Frank of Maryland issued a statement that it is criminal to adopt cloture ruling on such an important question as the treaty.

By a vote of 68 to 4, the senate defeated the proposed reservation on Article X which would have exempted all nations from any obligations to the United States under this section of the treaty.

Saskatchewan Fuel Problem is Acute

Farmers Burning Scrap Lumber, Fence Posts, Etc., to Keep Warm

Saskatoon, Sask., Nov. 13.—So acute has the fuel problem become in many sections that farmers are burning scrap lumber, fence posts and even old boots to save their families from suffering from cold.

At Esterville, Kerobert and other points along the Canadian Pacific railroad, not a shovelfull of coal is available.

The present situation recalls the year of 1909 when a similar condition prevailed. At that time in many points trains were raided and coal taken to relieve the sufferings.

Operators Admit no Mines Have Been Re-opened Since Strike Was Called Off

(By United Press)

Despite action of leaders on calling off the coal strike, few workers are returning to the mines today, dispatches indicate.

Only two districts, Tennessee and Colorado, report miners returning in appreciable numbers.

The big fields of Illinois, Kansas, Indiana and Iowa apparently are still idle with men refusing to go back. Dispatches from Des Moines said the operators admit no mines had been reopened since the strike was called off. Springfield dispatches report there was nothing to indicate the Illinois miners intend to obey the order calling off the strike.

OUTLOOK FOR FARMER DARK

Senator Capper Takes This View of the Agricultural Prospects
(By United Press)

Washington, Nov. 13.—Indications pointed to greatly reduced costs next year, said Senator Capper of Kansas, publisher of several agricultural papers.

Low profits, labor shortage, high wages, and rise in costs of implements were some of the reasons assigned. American farmers won't go on strike but he is getting mighty sullen.

"I think the wheat acreage will fall off probably one-third. I have received many letters from farmers complaining about everything. Hog prices are down, wheat probably will be lower next year and labor costs are going up. Ex-soldiers are refusing to go back on the farms and back to the cities. During the wheat harvest it is almost impossible to get help. The farmers are turning from wheat to corn and other crops which does not require harvesting earlier in the summer. Higher flour prices may result from diminished wheat supply although lower wheat prices may result."

Mine Workers Headquarters are Quiet

(By United Press)

Indianapolis, Ind., Nov. 13.—The headquarters of the United Mine Workers here today were quiet. All eyes were turned toward Washington where the conference called by Secretary of Labor Wilson to mediate the differences between miners and operators is scheduled for tomorrow.

A legal council for the United Mine Workers was enacted pending results of the conference. H. G. Warrum, chief counsel for the union had not filed an appeal from Judge Anderson's decision in the injunction proceedings until the conference results are known.

Warrum said the appeal has been prepared and the necessary legal steps had been taken but that it would be held in obedience.

Rounding Up I. W. W. at Spokane

(By United Press)

Spokane, Wash., Nov. 13.—Swooping down upon every known I. W. W. radical hangout in the city, the police began rounding them up declaring they intend ridding the city of I. W. W. members.

Warrants have been issued for all arrested. Seventy-five men were taken from the Imperial pool hall, the largest hangout for workingmen in the city.

The Most Delicious Pie You Ever Ate!
A Southern Molasses Delicacy

NEW ENGLAND may be the place for apple
pies, but it's 'way down South in Dixie for
a real Molasses pie!

Try this recipe for the most delicious pie you
ever tasted. But be sure to get "GOLD LABEL
BRER RABBIT"—the mild flavor is what makes
the pie perfect.

Your grocer also sells "GREEN LABEL BRER
RABBIT"—a specially selected molasses for
general cooking.

Every Housewife knows
the name "PENICK
& FORD" on a food
means Always the
Best of Its Kind.
22 years of quality.

BRER RABBIT OLE SOUTH MOLASSES PIE

1. Boil two cups of BRER RABBIT Molasses and one tablespoon
of butter.
2. Break four eggs in bowl or pan; add pinch of salt; beat until well
mixed.
3. Pour the molasses over the eggs stirring briskly.
4. Have pie pans lined with crust. Pour in and bake. This makes two
pies. If you wish to make but one pie, equally divide the ingredients.

HERE IS REAL FURNITURE NEWS

We are pleased to announce that we are now in our New Location in the Mahlum Block, corner of 8th and Laurel streets. Greatly increased floor space, abundant light, fine windows enable us to display our lines to the very best advantage. Then too, our entire stock is now on one big floor. No more stairs to climb, no going down into the basement. Everything where you can see it quickly and easily. New stocks are arriving daily and we are in a position, now to offer you an unbroken line of FINE HOMEFURNISHINGS.

Way Twins

We are selling agents for the famous WAY TWINS, the WAY SAGLESS SPRING and the WAY NEVERSPREAD MATTRESSES. The WAY SAGLESS SPRING needs no introduction. Every housewife is familiar with its remarkable comfort and durability. The WAY NEVERSPREAD MATTRESS has not been on the market so long but is fully guaranteed as is the spring. To say that it is twin to the spring is all the recommend

that it needs. A trial will convince you that this combination is the last word in sleeping comfort.

Way Sagless Spring \$12.50
Way Neverspread Mattress. . \$27.50

Elwell Cabinets

We are firmly convinced that the Elwell Cabinet is the most complete cabinet on the market today. It has more conveniences, saves more time and steps, and is better built than any other line.

The cabinet illustrated is the famous Big-door Elwell. Notice that it has the flour bin where it belongs, in the base. You do not have to get on a chair and lift the flour above your head to put it where it belongs, it goes easily and naturally into the lower bin. Then too, it holds one hundred pounds of flour, a fact which recommends it to the careful housewife. It is equipped

with a rust proof bread box, has a space for kettles and pans, a mixing board, a roll front, a movable sugar can, arranged so that you can take the sugar out either at the top or bottom, cans for tea, coffee and spices and the entire top of the cabinet free for dishes and food packages. Then too there is a great deal of space inside the big doors that is lost in the ordinary. We could cover this entire page with the good points of this wonderful cabinet, but space forbids. Come in and let us show you this wonderful line.

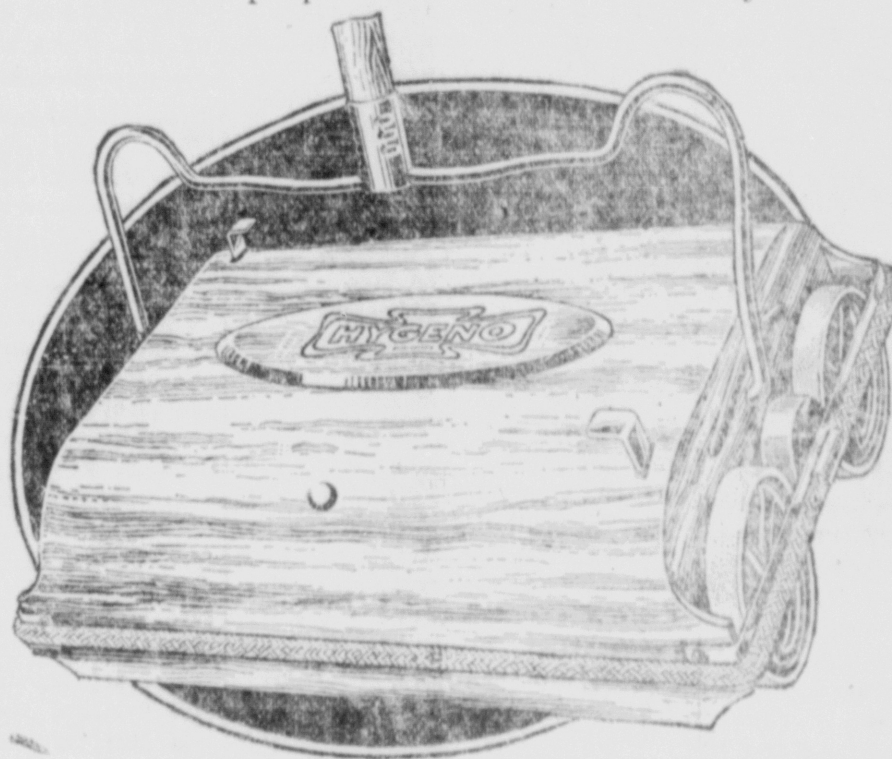

Price with Aluminum Top..... \$77.50
Price with Porcelain Top..... \$85.00
Other Cabinets from \$37.50 to \$79.00

Saturday afternoon at three o'clock

Biggest Value Ever Offered

to the people of Brainerd and vicinity.

The CARPET SWEEPER illustrated above is in every way the equal of any sweeper on the market today, Bissels not excepted. It is a steel sweeper in the mahogany finish and is equipped with the best of rollers and brushes. It is one that you could not purchase elsewhere for less than \$2.00. We have 100 of them and while they last we are going to give them to you at the remarkable price of

98c

No holds, no deliveries, no telephone orders. Call at three o'clock and get your sweeper.

Our assortments of library tables, ladies desks, cedar chests, pedestals, table and floor lamps,

fern stands, smoking stands and other small useful articles is very good. Let us show you what we have.

Peninsular High Oven Range

This is the last word in range construction. This range is a real ornament to the kitchen, one that adds to the attractiveness of the room and at the same time produces better baking than can be achieved with any other type of stove.

It is a law of nature that heat, being lighter than air, moves naturally upward. In the ordinary range the oven is lower than the fire box so that a certain amount of energy is wasted in drawing the heat around under the oven and then to the chimney opening in the back.

In the High Oven Range the oven is placed higher than the fire box so that the line of heat travel is natural all the time. The heat rises naturally, circulates freely on ALL sides of the oven and naturally enters the chimney from the top of the range. Every particle of heat that comes from the fuel is utilized in heating the oven. The fire box is large and deep with three pieces sectional fire back with a hot blast arrangement to burn the heavy smoke and gas that comes from soft coal. With polished steel top, porcelain splashes in back above cooking top and full nickel trimmed it is indeed a range to bring joy to the heart of any housewife.

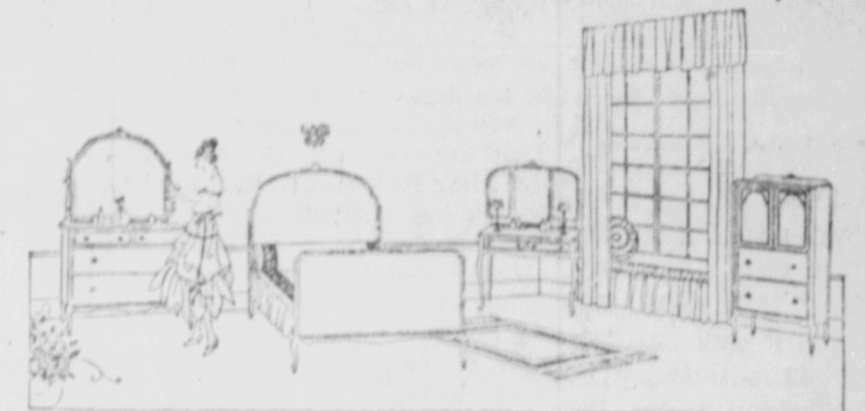

Price set up in your home..... **\$125.00**

Genuine Walnut Bed Room Suite

Here is an American Walnut Bedroom suite in five pieces at a price which is remarkably low during these present days of rising costs. The workmanship is of the painstaking kind that carefully sees to it that the parts out of sight are thoroughly well constructed. Built with deep drawers and generously large mirrors. The period is Queen Anne, that most delicate and refined of all period furniture.

Price complete..... **\$247.00**

AN OUT-DOOR MAN

Brainerd people, from baseball fans to trapshooters who had known George W. Tolen, Stillwater millionaire banker and sportsman, manager of the Stillwater baseball team, were shocked to hear of his sudden death. They remembered his plain, unassuming character, his fairness and sportsmanship, his love of the national game, his boasting of his home town.

He took particular delight in his Stillwater baseball team, watching every play from the bench and advising his men who were trained into the championship semi-pro team of the state.

Brainerd played its world's series with Stillwater for the semi-pro championship of the state at Lexington Park, St. Paul, and no clash between rivals ever boiled up so much interest.

Tolen was an out-door man and no sportsman will ever believe that death resulted except through an accident while cleaning his rifle.

The Brainerd Dispatch joins with the community of fans and trapshooters, business men and others who have known Tolen, to extend to the family their sincere sympathy.

A RED CROSS NURSE

(Baudette Region)

She was in the Rex lobby chatting with some friends the other evening. And she looked neat and trim in her dark blue uniform, topped with a nifty little cap.

And we happened to be near two soldiers when they saw her.

And one of the doughboys said to the other: "Gee, there's a Red Cross nurse, ain't it nice to see one of them again?"

And the other buddy said, "You betcherlife it is."

And the first lad said, "Let's go up and speak to her."

And they did.

And they were nice and courteous to her.

And there was something in their expressions that one seldom sees except when a boy is talking to his mother.

And as we looked at the boys' faces we read more of the noble work of the Red Cross than we had ever read in newspapers and magazines.

And we made up our mind that anybody who would refuse to become a member could be found guilty of being a prize tightwad with no extenuating circumstances.

And that he would be a poor imitation of an American.

TEACHERS AT CONVENTION

Crosby Schools Closed Thursday and Friday to Permit Pedagogues to Attend Conference

HELD IN MINNEAPOLIS 3 DAYS

Presbyterian Aid Has a Record Breaking Supper and Sale at the Crosby Armory

Crosby, Minn., Nov. 10—The schools were closed Thursday and Friday to allow the teachers to attend the teachers' convention at Minneapolis.

The supper and sale held last Saturday afternoon and evening at the Armory by the Presbyterian aid was attended by a large crowd. Every article was sold and the ladies cleared a nice sum for their treasury.

Mrs. Charles Eckels and her daughter of Minneapolis are visiting A. E. Blake, Mrs. Blake and Mrs. Eckels are cousins.

Kathlene, Marjorie and Olive Shannon gave a party to twenty-two little girls and two boys Friday evening of last week at their home, corner of Cross avenue and Second street north.

John and Jimmie Van Evera entertained sixteen of their boy friends at their home on the lake shore at a Halloween party.

Mrs. Albert Humble left Monday for Bessemer, Mich., to visit a week or ten days with her mother.

The bazaar and supper held on Thursday evening at the Armory by the Altar Society of the Catholic church was attended by a record-breaking crowd. The affair was a very successful one and the money raised will go into the church building fund.

W. C. Deering was in Brainerd this week serving on the grand jury.

W. A. Guth, fire chief, was in Brainerd Tuesday as a witness before the grand jury on an arson case.

The study club was entertained by Mrs. Albert Humble last Saturday afternoon.

Mr. and Mrs. Emil Zontelli have moved from Ironton to Crosby Beach.

Supt. G. A. Anderson was in the county seat Tuesday attending to court matters.

Dr. W. A. Dennis of St. Paul was a guest of Dr. B. A. Smith from Saturday until Monday. While here he assisted Doctors Smith, Pengelly and Shannon in several operations.

Mrs. Ed Folio underwent an operation for appendicitis and is recovering rapidly.

Mrs. William Bergeman was reported seriously ill at the Allen hospital the first of the week but is convalescing at this writing.

Should Be Remembered.

Many people should remember that service, not self-service, was one great lesson of the war.

Victory Belongs to the Able.

The winds and waves are always on the side of the ablest navigators.—Gibson.

DR. ALBERT SUEDEKUM

Dr. Albert Suedekum, who has been minister of finance at Berlin, is said to be favorably mentioned as German ambassador to the United States. He has been to America several times and is familiar with our institutions.

Prince of Wales to Meet President

Arrangements for the Visit Completed today (By United Press)

Washington, Nov. 13—Arrangements for the Prince of Wales to meet President Wilson were completed today.

The president will not leave his bed for the prince's visit but Edward is to enter the sick room at 5:30 this afternoon and will probably have a short conversation with the president. Dr. Grayson, Mrs. Wilson and other members of the family are expected to be present.

Having decorated eighty-seven heroes of the world war the prince returned for an auto ride around the "capitol today and dined at the Belmont 'Palace.' This afternoon he will go to Mt. Vernon to lay a wreath on the grave of Washington.

King and Queen of Belgium Are Home

(By United Press)

Brussels, Belgium, Nov. 13—King Albert and Queen Elizabeth arrived in the capital shortly before noon today, completing the trip to America. They were welcomed by the burgomaster, city and county officials and escorted to the palace.

Prince Leopold left the special train at Versailles last night to return to school in Etom.

North Dakota Operating Mines

(By United Press)

Bismarck, N. D., Nov. 13—The state of North Dakota today began operating its lignite coal mines and selling to consumers at cost plus a royalty of 10 to 25 cents per ton, the compensation offered for use of property. Mines were reopened after a five days' strike.

Predicts Hapsburg Restoration in Hungary

Prague, Nov. 13—The Hapsburg monarchy is inevitably in Hungary. Foreign Minister Benes declared today. In view of this he said he considers it his duty on behalf of the Czech-Slovakia to insist that the decisions of the peace conference with the right to Hungary be fulfilled.

Observatories.

The northern hemisphere has more than 200 public astronomical observatories to less than 20 in the southern.

Catarrhal Deafness Cannot be Cured.

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All dealers. 75c. F. J. Cheney & Co., Toledo, O.

DEERWOOD FIREMEN SUCCESSFUL DANCE

Pine River Orchestra Played, Guests There from Ironton, Cuyuna, Trommald, Crosby, Etc.

MRS. B. MAGOFFIN IS HOSTESS

To the Civic League at Her. Home Tuesday Afternoon, Luncheon Served, Many Ladies There

Deerwood, Minn., Nov. 11—The Deerwood Volunteer Fire department gave a dance Friday evening at their hall. The Pine River orchestra furnished the music. Many from Ironton, Cuyuna, Trommald, Crosby, and Manganese attended the dance, and all report a good time.

Chas. N. Sherlund shot a wolf near Oscar W. Nelson's farm last Tuesday. A number of wolves have been seen this fall.

Mrs. B. Magoffin entertained the members of the Civic League at her home last Tuesday afternoon. Luncheon was served, after which a most interesting meeting was held.

Gust Highfield attended to business matters in Brainerd last Wednesday.

C. E. Barnes attended to business matters in Ironton Friday.

Carl Rosberg has moved his family to Ironton for the winter to be near his shop.

Mrs. Frank Oberg of Minneapolis is a guest at the home of her parents, Mr. and Mrs. A. Wyness.

Charles S. Weekly has returned home from Brainerd where he received hospital treatment.

Mrs. B. A. Butler was a guest of her sons, Ernest and Harry, in Brainerd.

The council allowed Mrs. F. D. Hyatt's claim of \$61 for damages sustained when she fractured a wrist by falling on a defective sidewalk.

Deerwood may soon have a municipal skating rink. O. C. Coffin fathering the project.

Thirty-eight teachers from the range towns left Deerwood for the teachers' convention, traveling in the "Dacotah" provided by Agent E. Masson for their convenience.

Miss Goldie Holmstrom, teaching in district No. 76, visited her parents in Brainerd.

John Pine and family of Mille Lacs went to White Earth reservation to visit friends.

The Methodist Ladies Aid was entertained by Mrs. John Humphrey.

The R. M. Adams family has removed to Duluth for the winter.

H. J. Ernster served as a grand juror at the November term of the district court.

A Crosby Halloween party of young men destroying the peace of Deerwood paid \$10 each in justice court the next day.

SHORTER WORKING HOURS AND HIGHER PAY

As Demanded by Organized Labor, Was Represented as Unpatriotic and Greedy by Representatives of Farmers

Chicago, Nov. 12—Organized labor and its demands for shorter working hours and higher pay were represented as unpatriotic, greedy, and un-American in resolutions adopted at the annual meeting of the national association of commissioners of agriculture here last night.

Representatives of farmers of every state in the union warned that "the radical demands of labor are leading straight toward a revolution and to a government not of the people but of one class, many of whom are unable to speak our language or understand the spirit of our American institutions."

The resolution condemning labor was one of several which denounced the profiteer, endorsed the farm loan act, deplored strikes and lockouts of all character, and urged the farmers to join one central association for the protection of their interests.

Dr. Kenyon L. Butterfield of the Massachusetts agricultural college attacked the Mondell bill for placing returned soldiers on agricultural lands. He declared the bill was a visionary plan with a false basis, and that if its provisions would or could be carried out in bringing 400,000,000 additional acres under cultivation, American farmers would be ruined.

Procrastination.

There are bad habits enough, the Lord knows, but we think the worst of them all is the habit of procrastination. To have a thing to do, and to keep putting it off—we stack up trouble for ourselves every time we do it. When a man gets up in the morning, he should think of what he has to do that day, and then he should pick out the things that are most disagreeable and do them first. It is the best plan in the world. And the result of it is that soon there are no disagreeable things left.

DISPATCH WANTS GET RESULTS

BEAUTY SECRETS!

Where she gets her good looks, her healthy skin, her pink cheeks, is known to every one.

because it is apparent that it is not due to cosmetics, paint and powder. But the true womanly beauty comes from good health, and this good health is a woman's secret.

Health comes with good physical machinery and good spirits, an active digestion. A body free from pains and aches comes with a tonic known for over fifty years as the best "temperance" tonic and nerve for woman—namely, Dr. Pierce's Favorite Prescription. It can be obtained in any drug store in liquid or tablet form, or send 10c to Dr. Pierce Invalids' Hotel, Buffalo, N. Y.

Cleansing of the intestinal tract is important. Take castor oil or select a vegetable pill. Such a one is composed of May-apple, leaves of aloe, root of jalap, and made into tiny sugar-coated pellets, to be had at every drug store as Dr. Pierce's Pleasant Pellets.

AMUSEMENTS

"OH BOY"

A clever book and beautiful score combine to make "Oh, Boy" the brightest and smartest musical comedy hit in years. "Oh, Boy" is presented by F. Ray Comstock and William Elliot and is the fourth in the series of New York Princess Theatre musical comedies and comes to the New Park theatre Monday evening, Nov. 17.

"Oh, Boy" is the joint work of Guy Bolton, P. G. Wodehouse and Jerome Kern. Mr. Bolton and Mr. Wodehouse providing the book lyrics and Mr. Kern the music.

F. Ray Comstock and William Elliot under whose management "Oh, Boy" is presented, will send here an organization which will measure up the standard of New York Princess Theatre productions.

Some of the most popular musical numbers are "An Old-Fashioned Wife," "Rolled Into One," "Till the Clouds Roll By," "The First Day of May," "Koo-la-loo" and "Nesting Time in Flatbush."

"COME AND HELP US." APPEAL OF ARMENIA

General Harbord Says American Mandate is Urged by Stricken People

New York, Nov. 12—Armenia wants the United States to accept a mandate for it. Virtually every Armenian holds America in such high regard because of its freedom, government, ideals and lack of selfish ambitions, that this of all nations is earnestly sought by them to take charge of their country and bring order out of chaos.

This was the message brought home yesterday by Maj. Gen. James G. Harbord, who headed the American mission to the Near East to study conditions with respect to such a mandate. He arrived with other members of the mission on the transport Martha Washington.

Everywhere in Armenia the mission found chaos—starvation and devastation—he said. American relief saved the country from a complete disintegration, and following in the footsteps of the "wonderful work of American missionaries there, instilled a deep gratitude and love for the United States in the hearts of the despairing people."

DISTRICT COURT PROCEEDINGS

Case of City of Brainerd vs Thomas Beare et al on Trial Before Judge B. F. Wright

EXPERTS TESTIFY TO VALUES

Two State Fair Judges of St. Paul Testify as to Fertility of Land, Mr. Beare Cross Examined

In district court before Judge B. F. Wright the trial is proceeding in the appeal case from the award made by appraisers in lands condemned for city waterworks purposes, the suit being entitled City of Brainerd vs Thomas Beare, et al.

Attorneys for the city are D. H. Fullerton and W. F. Wieland, for the defense are Thomas W. Beare of Ironton, W. H. Crowell of Brainerd, Attorney Peterson of St. Paul.

On Thursday morning cross-examination of Thomas Beare was concluded. Witnesses on the stand following were experts testifying as to the value of the Beare land in question. W. A. Lebens and F. H. Gibbs of St. Paul, market gardeners and judges at the state fair, testified as to the value of the land for raising cabbages and other produce. D. D. Schrader testified as to general values. F. H. Simpson of the Citizens State bank and H. E. Kundert of the Brainerd State bank were also on the stand.

In the afternoon Tom Bender gave testimony as to the value of the gravel in the tract. Carl Zapffe, president of the water and light board, was another witness.

The jury viewed the land on Wednesday afternoon, being guided to the scene by the city engineer, R. T. Campbell.

Marriage Licenses

GRACE CHADBOURNE TO SING IN CITY

Niece of G. W. Chadbourne Heard Before at Brainerd Musical Club Recital

SUCCESS IN LYCEUM WORK

Studied With Northwestern Conservatory of Music Minneapolis and Carl Siegel, New York

The next number of the Lyceum course in Brainerd is one which will bring to public notice Miss Grace Chadbourne, a lyric soprano of Minneapolis, niece of G. W. Chadbourne of Brainerd. A special effort will be made to have a large attendance at Gardner auditorium on that occasion. Miss Chadbourne is a graduate of Northwestern Conservatory of Music of Minneapolis and also studied with Oscar Siegel of New York. She is soloist at the First Congregational church in Minneapolis. She has appeared before in Brainerd, singing at a recital at the Brainerd Musical club.

Miss Chadbourne will appear with the Scheurer Trio which includes Karl Scheurer violinist, Miss Alexander pianist and Miss Chadbourne. November 27 at Gardner auditorium as the third number of the University Extension Lyceum Course given under the direction of Rev. E. G. Carlson.

A special canvass will be made selling tickets about town.

Missionary Circle

The Woman's Missionary Circle of the First Baptist church will meet Friday afternoon at the home of Mrs. C. Miller, 501 North Fourth street.

30,000 GALICIAN GO OVER TO GEN. DENEKIN

London, Nov. 12—A wireless dispatch received yesterday from General Denekin, the anti-Bolshevik leader in South Russia, says 30,000 Galicians have joined the volunteer army and that as a consequence General Petlura, head of the Ukrainian forces, intends to lay down arms.

FARM BUREAU AN IMPORTANT FACTOR

198 Farmers Associations in Minnesota, to Improve Farm Conditions in General

STATE FEDERATIONS FORMED

Bureau Rests on County Unit, and it Warrants the Support of Every Farmer

BY E. G. ROTH (County Agricultural Agent)

A great deal of interest is being shown in the Farm Bureau movement that is taking place throughout the United States at the present time. Farmers everywhere are realizing the necessity of having a strong organization to represent them where national policies are in issue. The question often arises lately, "Are Farmers sufficiently organized to back up their demand for justice and full representation in present-day affairs?"

At present we have in the United States, about 8,600 farm organizations of various kinds, most of which are live and active. In Minnesota there are at present, 198 farmers' organizations of various kinds involving the getting together of men, women and children from farms for the purpose of the improvement of business conditions of farming and farm life. Approximately one-third of those are interested in problems of marketing and cooperative buying and selling, one-third in school and educational affairs and the rest interested in community life.

The Farm Bureau movement is the largest movement of its kind that has ever been attempted and already has been organized into state groups in twenty different states and Minnesota held a meeting of delegates from the different counties in St. Paul Nov. 8th.

The different states having state federations of farm bureaus calling a general meeting to be held in Chicago Nov. 11th for the purpose of organizing into a National Farm Bureau. This will bring to a head the largest Farmers' association that has ever existed. The strength and power of such an organization can at present hardly be realized. It is directly represented by farmers and entirely handled by farmers as the basis of its existence is the county unit. Take in our own state of Minnesota for example. There are 56 counties each of which has a Farm Bureau, composed of farmers. The Farm Bureau members elect their delegates to represent them at the meetings for the State Farm Bureau Convention which dictate the state policies of the Farm Bureau. These delegates in turn elect delegates to represent them at the National Convention of the Farm Bureau. This makes the Farm Bureau entirely a farmer controlled organization and gives the farmers an opportunity thru delegates to demand by means of an organization, things necessary for the business of farming; to stand for farming issues, county, state, or national wide; and it gives the farming business the opportunity to consider national problems. It will give the farmers an opportunity to be represented when questions involving farming products and farming business of all kinds are involved.

The Farm Bureau movement has a claim for favoring most states, chiefly because it rests on the county units built up under the county agent movement. It is a logical and systematic method of handling farming interests on a business like basis. It is a movement that warrants the support of every farmer in the county, every county in the state, and every state in the Union.

Notice to Holders of 4% U. S. Second Liberty Loan Bonds and First Liberty Loan Bonds Converted

To Our Customers: According to advice received from the Federal Reserve Bank of Minneapolis, we wish to remind you that the holders of Second Liberty Loan Bonds at 4%, and First Liberty Loan Bonds Converted at 4%, now have the opportunity of converting these Bonds into Bonds bearing interest at 4 1/4%. These issues should be presented for conversion before November 15th, 1919 for the Second Liberty Loan, and before December 15th, 1919 for the First Liberty Loan Converted.

If you desire to have us handle this work for you, we invite you to call at the Bank and we will be pleased to forward these Bonds to the Federal Reserve Bank for conversion, charging you only the actual cost to us.

Inasmuch as there is no advantage in retaining the 4% Bonds, we suggest that you make the change immediately.

"I Wouldn't Have Believed It!"

SO SAID an astonished lady the other day after her house had been thoroughly cleaned—as well as broom and dustpan can do it. Using the "Ohio Tucc" Electric Cleaner for the first time, she herself took out of her parlor carpet a lot more dirt than didn't show at all—but was there all the time.

If you have never used an electric cleaner or if you have never used the new 1914 model "Ohio Tucc", a pleasant surprise is in store for you.

Master of Household Tasks

Cleans Upholstery, Radiators, Mattresses, Floor Litter, Stair-Steps, Portieres, etc

Today woman has come to realize that the electric cleaner is not a luxury but an absolute necessity. It has come into the home to fill a need that has been felt since science came to the fore and taught us the principles of cleanliness. Cleanliness plus convenience plus recreation—are three factors that every happy home must possess.

Cleanliness by removing all dirt and dust from the home, no matter where located—in the remote corners or wherever your present cleaning method finds a barrier at every turn.

Convenience by banishing forever the broom and antiquated sweeper, the dust pan and cloth, and making it possible to really clean, without exertion or fatigue, simply by touching on the electric current.

Recreation by being able to do two things where you formerly only did one, thus reducing household tasks and giving you greater time for the pleasures of life.

Wanted

Workmen for implement factory at East Moline, Ill. Molders and molders' apprentices. 50c per hour guaranteed during training period, in special department under competent instructors.

Experienced molders on piecework earn from 75c to \$1.15 per hour. Can also use a few metal pattern makers. Accommodations good. No labor trouble. Apply.

DEERE & COMPANY
Moline, Illinois.

Potent Persian Liquor.

Almost every Persian household has the facilities for making "maul-hyat." Being distilled from fermented orange peel it is full of intoxicating, as well as fiery, qualities. It is very quick in action and the traveler to Persia who takes a drink of this strong potent without knowing its "knock-out" nature has a big surprise in store when he wakes up next morning with a headache and a memory of what he had taken the evening before.

Not a Bite of Breakfast Until You Drink Water

Says a glass of hot water and phosphate prevents illness and keeps us fit.

Just as coal, when it burns, leaves behind a certain amount of combustible material in the form of ashes, so the food and drink taken day after day leaves in the alimentary canal a certain amount of indigestible material, which if not completely eliminated from the system each day, becomes food for the millions of bacteria which infest the bowels. From this mass of left-over waste, toxins and ptomaine-like poisons are formed and sucked into the blood.

Men and women who can't get feeling right must begin to take inside baths. Before eating breakfast each morning drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash out of the thirty feet of bowels the previous day's accumulation of poisons and toxins and to keep the entire alimentary canal clean, pure and fresh.

Those who are subject to sick headache, colds, biliousness, constipation, others who wake up with bad taste, foul breath, backache, rheumatic stiffness, or have a sour, gassy stomach after meals, are urged to get a quarter pound of limestone phosphate from the drug store, and begin practicing internal sanitation. This will cost very little, but is sufficient to make anyone an enthusiast on the subject.

Remember inside bathing is more important than outside bathing, because the skin pores do not absorb impurities into the blood, causing poor health, while the bowel pores do. Just as soap and hot water cleanses, sweetens and freshens the skin, so hot water and limestone phosphate act on the stomach, liver, kidneys and bowels.

Fertilizer Advance Forbidden

Washington, Nov. 12.—An order forbidding an advance in price of raw fertilizer materials over prices of October 7 was announced yesterday by the Department of Agriculture. Materials affected are sulphate of ammonia, dried blood, tankage, fish scrap and cotton seed meal.

Watchful Waiting in Toledo

Toledo, Ohio, Nov. 12.—Toledo has settled down to a state of watchful waiting. The outlook is for a long period of street carless days. Mayor Cornell Schriebl, who introduced last June the ordinance which resulted in the "kidnaping" of all rolling stock in the city, held a conference with business men and others, but failed to arrive at a solution other than that the motor car system will be used indefinitely.

Denmark Has Oldest Flag.

The flag of Denmark, a plain red banner, bearing on it a white cross is the oldest flag now in existence. For more than 500 years both Norway and Sweden were united with Denmark under this flag. In the year 1212 King Waldemar of Denmark, when leading his troops to battle against the Lithuanians, saw, or thought he saw, a bright light in the form of a cross in the sky. He held this appearance to be a promise of divine aid, and pressed forward to victory. From this time he had the cross placed on the flag of his country and called it the Dannebrog—that is, the strength of Denmark.

Alcohol From Molasses.

Alcohol is now made from "black strap," a very cheap and common grade of molasses which comes from the West Indies.

Works Wonders With Bad Stomach

No need to suffer another day from indigestion, headaches, sour, acid stomach, gas, belching, bloating, heart palpitation, pains in the side and back, choking, smothering feeling, melancholy, nervousness or other distress due to disordered stomach. You can get rid of this trouble right off. No matter how severe or stubborn your case may be or what has failed to benefit you.

Just get a bottle of liquid MAR-LIX. Take it as directed and watch the result. Wonderful liquid MAR-LIX has put thousands of bad stomachs back to healthy condition, relieved thousands of sufferers. Let it relieve you. Know the real joy of good appetite and good digestion once again. You can't get rid of your trouble thinking about it and MAR-LIX can't help you until you use it. So try it. You take no chances. It is absolutely guaranteed by The Marlix Co., Fort Wayne Ind., and druggists. Begin taking MAR-LIX today. Tomorrow you will realize why everybody calls

CROP REPORTING IS A GREAT WORK

VERY ELABORATE ORGANIZATION IS MAINTAINED BY UNITED STATES GOVERNMENT.

FIELD AGENTS ARE EXPERTS

Many Thousands of Volunteer Reporters Are Employed and Their Returns Tabulated—Every Precaution Taken to Prevent Speculation.

By JAMES P. HORNADAY.
Washington. — The United States maintains a crop-reporting organization that utilizes the services of more than 150,000 persons. Distributed over the country are 42 salaried field agents, one in each state or group of small states. These field agents are in the classified civil service and are appointed only after passing a civil service examination to test their educational and statistical qualifications. Before they are permitted to take the civil service examination they must show that they have had at least five years' practical experience in farming, and education equivalent to a four-year course in an agricultural college, or at least three-years' responsible, practical experience in work involving statistical methods or statistical inquiry.

Each agent enlists the voluntary services of several thousand selected correspondents in his state, who report to him every month regarding the crops grown in the state. At the close of each month the agent makes up a detailed estimate on the crops in his territory and forwards it to the Washington office.

In addition to the field agents, the bureau employs ten crop specialists for particular crops and truck and fruit. These crop specialists are of the same high character, experience and educational qualifications as the field agents and each devotes his entire time to investigating the single crop for which he is responsible.

Volunteer Crop Reporters.
A third class of reporters are the voluntary county crop reporters, approximately 2,800 in number, each of whom reports for his county each month on printed schedules directly to the bureau. The county reporters base their estimates upon personal observation and inquiry and upon written and telephonic reports to them from aids in different portions of the county. A fourth source of information is the voluntary township reporters, one for each agricultural township in the United States, approximately 30,000 in number. These township reporters are nearly all practical farmers, and each reports on the crops grown in his immediate neighborhood, directly to the central office in Washington, monthly throughout the year.

Additional sources of information exist in the bureau's special lists of growers of particular crops, and in other lists of buyers, dealers, mills and elevators, producers and shipping associations, and other agencies engaged in handling, manufacturing, transporting, storing and distributing crops. The returns from each class of reporters are tabulated and averaged separately as a check, one against the other. The county totals are weighted; that is, a county which produces five times as much of a particular crop as another receives five times the importance of "weight" of the other county in determining the average for that particular crop.

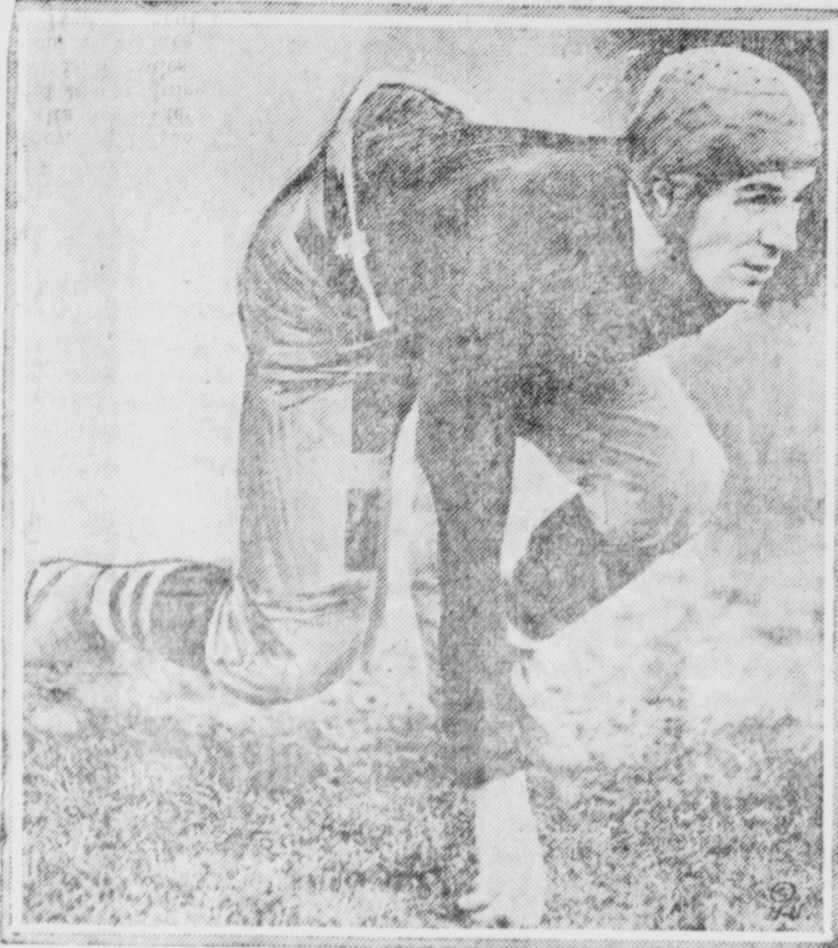

Try to Fool Speculators.

Every possible precaution is taken to prevent the totals for any of the so-called speculative crops, such as corn, cotton, wheat, oats, etc., from becoming known to any individual prior to the date fixed in advance by the secretary of agriculture for the issuance of the crop report. Even the tabulators and computers who make up the totals do not know the states to which the totals pertain, and the final telegraphic reports and comments of the field agents relating to the speculative crops are kept locked in the office of the secretary until crop-reporting day, when they are turned over to a crop reporting board, and the entire board is immediately locked in until the minute that the report is issued to the public, guards being stationed at the doors and all telephones disconnected.

Condition is estimated as a per cent of normal, which may be defined as the grower's conception of crop expectancy on his own farm or on the farms of his neighborhood, and the consensus of opinion of his neighbors of the probable yield indicated by present conditions as compared with past experience.

The data supplied by all sources are considered by the crop reporting board, composed of the chief of bureau and his aids, two statistical scientists and one or more field agents called to Washington from different states for the occasion. All these men are expert judges of crops, and have had many years' experience in analyzing, interpreting and summarizing crop data. The members of this crop board are unbiased because they, as well as all other employees of the department who have anything to do with crop estimates, are prohibited by law, under very severe penalties, from speculating in any product of the soil, from giving out any information in advance of the official crop report, and from knowingly compiling or issuing any false statistics.

Army Fullback Who Is Star Player in Every Department of the Game

In McQuarrie, the West Point eleven, has a fullback who is good in every department of the game. He has outkicked every man opposed to him this year, is a good line plunger, is accurate with the forward pass and when he gets the ball with a half

clear field he is pretty sure to score. In the game against Boston College he sprinted down the field for sixty yards. In the Tufts game he booted a pretty placement goal from the 44-yard line.

Accepts Presidency of
Hungarian Peace Mission

The presidency of the commission which will go to Paris to negotiate the Hungarian treaty when summoned by the Peace Conference, has been accepted by Count Albert Apponyi, the Magyar Nationalist leader. Count Apponyi is well known in America through his writings.

Lilies of the Field.

The "lilies of the field," so often mentioned in the Bible, are thought to be the red and purple, particularly the red anemones with black centers. These anemones grow among the thorn hedges of the East, which accounts for the saying "lilies among thorns."

SALTS FINE FOR ACHING KIDNEYS

We eat too much meat, which clogs Kidneys, then Back hurts and Bladder bothers you.

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts is harmless; inexpensive; makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications. A well-known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

Famous Tyrian Purple.

Tyrian purple, the like of which the world has never seen, was so costly that it was used only by royalty, and hence comes the saying royal purple. The royal robes of ancient kings were dyed with Tyrian purple. This purple dye was extracted from a mollusk called the purple murex. It was found in tropical seas. It had thick shells covered with spines. It secreted a colorless liquid which when exposed to the atmosphere turned purple. History tells us that only a drop or so could be obtained from one mollusk, hence its value. Needless to say there is no Tyrian purple from the "isles of Elshuh" to be found in these days. When the glory of Tyre and Sidon passed Tyrian purple also passed away.

NO SERIOUS TROUBLE AT INTERNATIONAL FALLS AS REPORTED

Call Was Made to Governor for Assistance and Troops Were Sent with Adj. Gen. Rhinow

Not Needed Say Strikers on Minnesota, Dakota and Western Railroad, Who are Out on Strike

(By United Press)
International Falls, Minn., Dec. 13.—There has been no trouble here because of the call of the railroad strike and likely will be none, according to officials today, who declared there was no necessity for sending state troops here.

A riot call was sent to the state capitol late yesterday, reporting clashes by strikers and strike breakers. Adj. Gen. Rhinow with a small detachment of state guards arrived at Bemidji at 8 o'clock this morning and are expected here before noon.

"The only I. W. W. I saw, are officials of the railroad," said Vice President Larrisey, of the order of railroad conductors, who called the strike in conjunction with Assistant Grand Chief Johnson, of the Brotherhood of Locomotive Engineers. Larrisey and Johnson called the strike when officials of the company asked railroad workers to work from 8 a. m. to 10 p. m. without extra pay which would mean 20 per cent reduction in pay according to the union men.

The strike effecting the Minnesota, Dakota and western railroad has forced the International Lumber mill to close and the paper mill will have to close within twenty four hours unless railroads begin to move fuel. E. Backus is President of the company controlling the industries.

Sheriff McIntosh swore in ten extra deputies to thwart any new possible trouble. He declared there had not been a street fight since the strike was called. Twelve strike breakers are operating two switch engines and it was feared trouble would break out today when more would be put on.

"There was some talk and some threats, but no trouble," said the sheriff.

"Big business for sending state troops here to try to intimidate the men" charged Larrisey. "They fear a sympathetic strike in the lumber mill and paper mill".

Five Year Old Boy Stolen by Negroes

Atlantic City The Scene of Another Mysterious Crime

(By United Press)
Atlantic City, N. J., Dec. 13.—While Atlantic county is still puzzled by the death of Billy Dansey, it is confronted with another mystery, by the disappearance of James Blake, five year old son of Mr. and Mrs. James Blake, of Philadelphia.

The boy was seized by two negroes last night as he was walking along the street with his mother in Ventnor, near this city. They sprang from some bushes, one seized Mrs. Blake who fainted, and remained unconscious for several minutes. When she regained consciousness, she dragged herself to the home of Benjamin Fox, where she had been visiting, and again fainted after telling what had happened. The mark of the assailant was still visible on her throat. A hand bag which she had concealed in her dress was missing.

Bolsheviks Driven Out of Kiev Again

(By United Press)
London, Dec. 13.—Messages received here reported that bolsheviks have again been driven from Kiev and General Deniken is advancing eastward.

Villa Bandits Hold Prisoners For Ransom

Capture Two Americans and One Englishman, Holding Them For Ransom

(By United Press)
Eagle Pass, Texas, Dec. 13.—Eight Mexicans, two Americans and one Englishman were reported captured by Villistas in their sacking of Musquiz. The men are held for ransom, according to the report.

A demand of \$5,000 each for the Mexicans and \$10,000 for the Americans has been made it was said.

One of the Americans was R. B. Ransom, representing the Eagle Pass Lumber company.

Pancho Villa himself headed the rebel troops which attacked Musquiz Tuesday morning and remained about the town until they were driven off yesterday, Mexican Consul Sequin said today.

Keep Railroad Bill Before Senate

Right Through the Holidays Until Passed Senator Cummins Warned

(By L. C. MARTIN)
(Written for the United Press)

Washington, Dec. 13.—Senator Cummins today warned that he will keep his railroad bill before the senate right through the Christmas holidays unless it is passed before that time. Should a filibuster develop, Cummins will make application of the cloture rule. If Cummins stands by his determination, it is believed senate leaders will come to his aid and get the measure disposed of.

The bill would have to go to conference between the house and senate before enactment. This will make it practically impossible to get any railroad legislation enacted into law before the new year.

Charges that an organized propaganda has been started by railroad interests to force passage of the Cummins bill were made by Senator Norris. After voicing his indignation Norris asked the senate interstate commerce commission to investigate whether the eastern railroads are conducting propaganda to influence congress and how much money is being spent. Norris read newspaper clippings declaring that \$1,000,000 has been released by railroad officials to spend in the campaign to secure enactment of the Cummins bill.

President Wilson plans to return the railroads to their owners January 1, it was understood. Activities at the White House today indicated that President Wilson might send a message to congress with regard to railroad legislation early next week. Members of his staff were at the railroad administration office gathering data and other evidences that Wilson expects to act soon.

Coal Production In N. D. Normal

(By United Press)
Bismarck, N. D., Dec. 13.—Coal production in North Dakota remains normal under state control of the lignite mines, according to Governor Frazier. Figures by mine directors at Demmy declared normal production was reached several days after the mines were taken over last month, and has been maintained to date. The governor stated the coal situation in other parts of the state dependent on lignite coal supply, is normal and the situation is not regarded as alarming by the coal administration which reports no serious shortage in the eastern counties which are not dependent on state supply.

CAPT. PAUL IGOLEVITCH

Capt. Paul Igolevitch, Russian war hero, one of the Baikal Cossacks and official representative of General Semionoff, has come to the United States to arrange for the purchase of supplies and merchandise for the Baikal Cossacks and also to act as propagandist for the forces commanded by Semionoff.

Fuel Restrictions Lifted Tonight

In the Northwest at Midnight—Order for Closing Stores Has Been Cancelled

(By United Press)
St. Paul, Dec. 13.—A. W. Trenholm and H. E. Smith of the Northwest Region coal committee announced that fuel restrictions in the northwest will be lifted tonight at midnight.

Orders for earlier closing of stores and other means to save coal which were to go into effect Monday have been cancelled.

Train schedules will not be resumed for at least a week. Trains taken off due to the coal shortage can not be put back until orders are given by A. Aishton, region rail director general. St. Paul officials said they do not expect such orders for several days.

Shipping Disasters Off Nova Scotia Coast

Numerous Steamers Ashore or Badly Damaged by Fierce Gales Sweeping That Coast

Halifax, Nova Scotia, Dec. 13.—Reports of steamers in distress continue to be received here following a gale which has been sweeping the Nova Scotia coast.

The marine and fishery department has been notified that the steamer West Loftus which had the United States shipping board steamer Davidson County in tow, has sprung a leak and is racing for the nearest port, presumably Halifax, while the Davidson County is again helpless. The United States shipping board has sent to her aid the steamer Apaci.

The steamer E. O. Kingsley is ashore at White's and the steamer Sheba is calling for assistance from a point 330 miles east of Halifax.

Sydney reports having received messages from the steamer Propatra asking for assistance. The steamer was about 150 miles southeast of Sydney, making one knot with twelve hours' coal supply on board. A tug cutter has been sent to her aid. The Greek steamer Plate is ashore at Sable Island. No further word has been received of the British steamer Hornsea in distress near Sable Island. The Chitopa reports a damaged propeller 350 miles off Halifax. The Lake Elmdale is resting on a gravel beach at Blue Cape and the Lake Dalewood is on the sandy beach at Port Hood Island. Large tugs have left to aid them.

Distress Vessels Call for Aid

New York, Dec. 13.—Call for aid from two vessels, the British steamship Grange Paris ashore in a perilous condition seven miles off Ambrose Light, and the British steamer Messine in distress 420 miles off the coast of Newfoundland, were received today.

(By United Press)

Chicago, Ill., Dec. 13.—Passenger train service west and northwest from Chicago will be restored to normal Thursday, Dec. 18. Orders to that effect were sent out to all federal managers by Region Directors Aishton and Hale Holden today.

CAPT. ELLIOT W. SPRINGS

Capt. Elliot W. Springs, eager to do his bit, did not wait for the United States to get into the war, but joined the Canadian air corps and soon was in the thick of it. He has many German planes to his credit and is an "ace" of the Royal Flying corps. He was decorated by the prince of Wales in Washington for valor and services rendered the allies. He is twenty-three years old and was born in Lancaster, S. C.

War on "Black Flag" Profiteers

Senator Capper Outlines the Remedy for Excessive Profits. Viz—Jail the Profiteers

(By United Press)

Washington, Dec. 13.—Senator Arthur Capper of Kansas, who declared war on "black flag profiteers" in a speech on the senate floor, yesterday, today outlined for the United Press the remedy which he said should be applied to high price evils.

Following is Senator Capper's report written for the United Press: Nothing would do as much to stop profiteering as to jail the robbers who have made fortunes by gouging the people on foodstuffs and fuel and other necessities of life.

Not regarding the 15,000 brand new millionaires having been created in this country during the war and after the war, there are profiteers of the rank and file in that crowd which I think we have the right to convict.

Until this orgy of high prices is stopped there should be a limit of profits in prices first. The government should see that the concerns make public the price of its goods at purchase price. This would keep the gamblers out of the big cities. The gambler has no place in human society, he said.

(Additional Telegrams on Page Six)

LET RUSSIANS SETTLE THEIR OWN DIFFERENCES

Conference of Premiers Decide Not to Recognize the Soviet Government in Russia

Organized Labor Conference Begins Today at Washington

(By United Press)
Washington, Dec. 13.—Reorganization of the policies of organized labor was undertaken at a series of conferences beginning here today.

Under the direction of President Gompers of the A. F. of L., farmers and leaders from all big unions and the four big railroad brotherhoods, were on hand.

"The conference will issue a public statement giving notice of the attitude of labor toward the present industrial issue," said Mathew Wolf, vice president of the A. F. of L.

The program includes a discussion of the injunction issue, the right to strike and anti-strike legislation in several bills now pending before congress.

New Declaration of Independence

Washington, Dec. 13.—A new declaration of independence was being written here today by organized labor.

Rough drafts prepared under the direction of the executive council of the A. F. of L., was read to a congress of 200 labor leaders summoned from all parts of the United States. With them sat representatives of national farm organizations.

The use of injunction in strikes is scored in the declaration. The right to strike is reaffirmed.

The draft of the declaration probably will be amended before it is made public leaders said. Discussion may take several days.

Tasks Before The Miners' Convention

Which Will be Called as Soon as Normal Production is Secured in the Mines

(By United Press)

Indianapolis, Ind., Dec. 13.—Three major events lined the horizon of the United Mine Workers of America today.

The first in attention is the convention of local union delegates to be called as soon as normal production of coal is restored, to endorse the action of the international and industrial officials in accepting President Wilson's proposal.

The second is the trial of ninety-seven of the union leaders next Tuesday on charges of violating the government anti-strike injunction.

The third is the federal grand jury investigation of information that mine operators violated the Lever act last summer before the strike was called by failing to produce coal.

A great deal of interest has been manifested in the first and although the convention cannot revoke the action of the union officials, it can approve or censure them. To approve would be an endorsement of the present administration, to disapprove would be repudiation of John L. Lewis, acting president, and Wm. Green, secretary treasurer of the miners. It would further mean that the acceptance of the creed of Frank Farrington, president of the miners in Illinois, and Alexander Howatt of the Kansas district, who were characterized as "radicals" by their fellow officials in the conference here. Lewis and Green had suggested support in the conference to carry President Wilson's proposal for settlement during the meeting.

Germans Will Sign Protocol

(By United Press)

Paris, Dec. 13.—Lematin declared that the Germans have definitely decided to sign the protocol to the peace treaty although they are endeavoring to obtain further concessions until the last minute.

Decide Also Not to Extend State Anti Bolshevik Russian Leaders

(By ED. L. KEEN,
(Written for the United Press)
London, Dec. 13.—Allied representatives in the conference here have decided definitely to let Russia settle its own difficulties, it was learned authoritatively today.

The conference includes Premier Lloyd George, Premier Clemenceau, Foreign Minister Scialoja and American Ambassador Davis participating. They were said to have determined not to deal with the bolshevik and at the same time refuse state aid to General Deniken and Admiral Kolchak, anti-bolshevik leaders.

Considerable progress on other meetings were reported to have been made during the morning session today. The conference was resumed this afternoon with both Davis and the Italian absent. The latter left London at noon. Clemenceau is expected to return to Paris tomorrow.

The outstanding result of the conference of the big three here yesterday are that Great Britain, France and Italy are showing an inclination to accept "reasonable" reservations to the peace treaty by the American senate according to opinions expressed in official circles today.

Premiers Lloyd George and Clemenceau and Minister Scialoja meeting in Downing street are believed to have touched on this point, and discussed how favorable concessions could be made to the United States to assure her cooperation with the complications already in the international situation. Davis and the Belgian representative were called into the conference.

One official said that he believes the allies will prepare to swallow most of the senate's reservations, providing it can be arranged.

"European statesmen," he continued, "are realizing what America's isolation will mean and are fast embracing the idea it is possible to meet the senate at least half way to enable ratification of the treaty. If the senate understood this it might relax its attitude somewhat."

Superstitious Miners Did Not Return to Work on Friday

(By United Press)

Chicago, Dec. 13.—"Unlucky Friday and the thirteenth" were the unfavorable combinations in the scheduled end of the coal strike according to officials here today.

Operators said they were not surprised to hear only fifty per cent of the miners on an average went back to their jobs in the coal fields.

The miners, like most men in a dangerous calling, are superstitious. That means they would not return to work on Friday in the first place, and the thirteenth comes just following. They look for a larger turnout Monday.

Washington, Dec. 13.—"Practically all union miners will be back to work Monday," said John L. Lewis of the United Mine Workers Union here. "Local disputes might keep some away but the number will be negligible."

Urges Repeal Excess Profits Tax

Washington, Dec. 13.—Repeal of the excess profits tax was urged today by Wm. Colver of the federal trade commission, as one means of forcing down living costs.

"It seems quite clear," said Colver in an interview, "that one of the first contributing costs to high prices of living would be excess profits."

Deer, Starving Because of Heavy Snows, Seeking Food at Residence at Fort Yellowstone

This photograph shows how heavy snow storms have driven the Yellowstone Park deer to Fort Yellowstone residences in search of food. The park officials, having spent all available funds for hay, have asked congress to take emergency action and have also appealed to organizations interested in the preservation of wild animals. Deer, and especially elk, driven by hunger, have been crossing the line of the preserve and are being slaughtered by waiting hunters.

AND ANOTHER COUNTY HEARD FROM

Harrison School Brigade Takes to the
Field and Uproots 400 Feet of
Snow From Walks

FIRST TIME IN 25 YEARS

Southeast Brainerd Residents Sur-
prised at the Public Spirit of the
Half Dozen lads

Another county, has been heard
from, in the snow shoveling contest.
This time it is the Harrison school
boys brigade, a group of six who emu-
lated the work of their compatriots
of the Lincoln, Washington and Whit-
tier schools.

The Harrison band attacked 400
feet of sidewalk and the oldest inhab-
itant in Southeast Brainerd went on
record certifying to the fact that as
far as he knew it was the first time
in a quarter of a century that the
sidewalk had been shoveled. Not
content with shoveling off the public
sidewalk, the boys "had a heart" for
the school at large and shoveled from
sidewalk down the walk to the school
entrance.

Here is the group of volunteers,
boxed and starred like the rest of
the Snow Shovelers Amalgamated
Union:

FOR CHRISTMAS GIFTS
Nice assortment of Jewelry for
Christmas Gifts to choose from. At
Vanek's Jewelry Store, 7th and Laurel.

Within the frontiers of a deso-
late God-forsaken jungle on the
dark, silent coast of Africa, this
giant white man, reared by an ape
mother, roams and kills.

He slays the lion and tiger with
his bare hands, the jaguar leaps at
his terrible cry, the massive ele-
phants fear him.

The dreadful gorilla and steal-
thy panther are but babies in his
hands. All the terrible beasts of
the jungle skulk away at his ap-
proach.

Then comes the beautiful white
girl, and

TARZAN OF THE APES
takes her to his breast and covers
her face with kisses.

A Message From Your Government

You know that during the war, we practiced thrift—
we saved. But on November 11th, 1918, we began a riot
of spending and extravagance. This reckless spending by
the people which is the forerunner of national ruin, comes
at a time when the nation is saddled with an enormous war
debt which must be paid out of the people's savings. When
this debt is paid will depend entirely upon how soon the
people can be made to check their madness and get down
to the serious business of accumulating a surplus. Every
thinking banker knows what is necessary if we are to get
back to sound living conditions.

Boiled down to simple facts, we will begin to solve the
problem only when we begin to "work and save." Just as
fast as we produce more and spend less, we will reduce the
high cost of living, decrease unrest and make progress to-
ward getting out of debt. The individual must become
economically independent instead of being a pauper in the
event of misfortune. To do this, we must spend wisely,
save and invest for the future instead of living from
"hand to mouth."

- INTERMISSION
3. "Cielo e mar" (Romanza from "La Gioconda") Ponchielli
 - (a) "Thou Art so Like a Flower" Chadwick
 - (b) "I Have a Rendezvous With Death" Horstfall (Dedicated to Mr. Davis.)
 - (c) "Ah! Love But a Day" Protheroe
 - (d) "To a Messenger" La Forge
 4. "Celeste Aida" (Romanza from "Aida") Verdi

Surprise Party

On Friday evening J. H. Noble was pleasantly surprised by the members of the Hope Bible class of the Methodist church, who together with their husbands, met at Mr. Noble's home to show their appreciation of his services as their teacher during the summer, while their regular teacher, Mrs. T. H. Crosswell, was out of the city. There were speeches, refreshments and a good time. Mr. Noble was presented with a beautiful potted plant.

Sleigh Ride

Chaperoned by Mrs. Smiley and Miss Rogstad, 32 school children enjoyed a sleigh ride out in the country west of Brainerd and were entertained by Horace and George Wise.

Florence Rebekah Lodge

There will be a regular meeting of Florence Rebekah Lodge No. 111, I. O. O. F. Monday, Dec. 15 at 8 o'clock. Refreshments will be served. A full attendance is desired as there is to be initiation.

RENEWED ASSOCIATION

Brainerd Teachers Held Banquet on Wednesday Evening at Domestic Science Rooms, High School

Some weeks ago the teachers of Brainerd renewed their organization, the Association of Brainerd Teachers, that had lapsed during the war. This association started the year with a banquet held on Wednesday evening. The work was in charge of two committees, one for decorations and the other for the banquet itself.

The domestic science rooms at the high school were very prettily decorated in the season's colors. As far as was possible both the decorations and the food were in green and red. Smilax, ferns and red carnations gave a festive air to the tables, while red candles shone from many candlesticks and red lights gleamed from the fixtures above.

Girls from the department proved willing and efficient waitresses. With ease and dispatch they served the various courses of the banquet which all the guests voted a great success.

Young People's Program

A program will be given by the Young People's society of the Norwegian-Danish Lutheran church on Sunday evening at 7:45, at the church:

- Song: Laura Lyng and Elva Elvestor
Scripture Reading: Walter Herman
Piano solo: Ole Lystad
Reading: Helen and Russell Reese
Song: Margaret Holm
Beatrice Shefro, Molly Fredericksen
Recitation: Donald Nelson
Reading: Hildegard Holm
Violin solo: Hans Anderson
Reading: Mrs. O. Elvestor
Vocal solo: Erma Hanke
Reading: Molly Fredericksen
Song: Junior Choir
Reading: Mrs. A. P. Sorenson
Vocal solo: George Hegstad
Announcements: George Hegstad
Vocal solo: Mrs. Wallace McCulloch
A cordial welcome extended.

Hawaiian Islands.

In the Hawaiian group there are twelve main islands, all classed as United States territory. The total area is 6,440 square miles. The inhabited islands number eight—Hawaii, Maui, Kahoolawe, Lanai, Molokai, Oahu, Maui and Niihau. In addition there are numerous small islands in the chain which are valuable for their guano deposits and shark fishing grounds, but which are not inhabited.

Gifts For Everyone

Once a Year

Have you enjoyed that hazardous pleasure of making out your Christmas gift list yet? It's the thrill that comes once in every year. It's a matter of conjecture, a gamble, a worry perhaps, and yet isn't it great? And don't you love to hear the sighs of satisfaction on Christmas morning when your pleased family and friends clasp close what you gave them? And don't you feel repaid for poring over that list to make it satisfactory? Better get to it at once if it isn't made out yet. And if it is, it just the right time to start buying now.

CHOOSE NOW

We have presents for every member of the family and below we give you a few suggestions of what will please them

CHOOSE HERE

WHO NEEDS THE CHURCH?

The fact that probably 75 per cent of the congregation of most churches is composed of women, suggests the query as to who needs the church? Are the women the only ones who need the church? Don't the men need the church more than the women?

We believe all agree that the women generally are more religious than the men, and that they attend church more faithfully than the men. We believe that they are the more religious because they are better church attendants. If the women can get religion at church, why not the men? Principally because many of them are not there to get it.

Religion is not a "bugaboo". It is a definite thing. It is not a sign of weakness, nor that a man is a "mollycoddle" because he attends a church. It proclaims him more of a man. Many men do not attend church because it does not appeal to them. It is not necessary because they are not religious, or do not approve of the institution, but is due largely to habit.

If you are not opposed to the

church, why not, by your presence, show your approval? Why not bring up the percentage of the men where it ought to be?

Give the church a little of your time, and if you are conscientious, it will give you something in return. Your presence encourages the minister, the officers of the church and others to strive harder to make the church more attractive to you. Your attendance stimulates the activity of the church and widens its scope of usefulness. Think it over, and perhaps you will find that you need the church—and the church needs you.

—Milaca Tribune.

CONSISTENCY

You cannot support home industry if you give your orders for printing to some outside concern. The printing industry has large capital invested in Brainerd, and the printers are unionized, something which cannot be said of some towns competing with Brainerd.

The sensations experienced by an editor when he runs over some of the outside printing stuff is well described by Ed LaFond in the Little Falls Transcript. He says:

"It just tickles an editor all over, you know, to get a statement of account from a local firm on stationery printed in another town or to receive a notice of note due on a bank printed in Minneapolis. He enjoys paying the interest."

A no small-sized competitor of home printing is the wholesale house which prints a lot of cheap stationery with the dealer's name and expects him to use the stuff to the exclusion of stationery printed in Brainerd. The dealer may save on stationery, but he does not gain much in the estimation of the local printer.

WHY PRINTERS ARE STILL VALUABLE

Here is the way this paragraph xxx would look if the star were 1/2 printed by the Literary Digest's photographic C type xxx written plan. —Kansas City Star.

IT PAYS TO ADVERTISE

WHY GO TO CHURCH

Blessed are they that hear the word of God, and keep it—Luke 11:28.

When you stay away from church you abandon the Lord's Supper and trample underfoot His dying request. "This do in remembrance of me."

You know not how many more Sundays God may give you, and it would be a poor preparation for your first Sunday in Heaven to have slighted your last Sunday on earth.—Havergal.

Don't stay away for any reason except one you can conscientiously give your maker.

REV. J. H. BUNGE,
 Pastor Bethlehem Evangelical Church,
 Corner Main and Bluff.

WHERE TO WORSHIP

Zion Evangelical Church

Fourth Ave. and Forsythe St.
 All the usual services will be held.
 The pastor will be present to conduct them. Fred M. Ohms, pastor.

 The B. I. P. U at 6:45 p. m.

NORTHWEST NEWS

(By United Press)

N. D. Flood Control

Bismarck, N. D., Dec. 13.—The North Dakota flood control plans cannot go forward without the co-operation of Minnesota is the claim of some officials here. They contend that no matter what is done on the west side of the Red River, the work will be of no avail if the Minnesota waters are not controlled. The North Dakota flood control commission which has an appropriation of \$35,000 with which to work, state that they so far have received no response from an invitation sent to the Minnesota special legislative session for a joint meeting of representatives from both states.

Reclamation Work

Winnipeg, Man., Dec. 13.—Reclamation of 800,000 acres of land, a triangle lying between the Saskatchewan and Carrot rivers and Sepanok channel, at an estimated cost of \$1,500,000 will be brought to the attention of the Canadian government through the minister of the interior, according to Hon. Edward Brown, provincial treasurer of Manitoba. The land, he states, is admirably adapted for agricultural purposes and should the federal government take no action in the matter there is every possibility that the work will be undertaken by the Manitoba government if the land be vested in Manitoba authorities.

N. W. Mounted Police

Winnipeg, Man., Dec. 13.—The Royal Northwest Mounted Police mail expedition will leave Dawson City in the last week of December for Fort McPherson, Rampart house, and Herchel Island with dog teams. The entire journey one way is approximately 1,000 miles. However, it will be accomplished in relays. The first will be from Dawson to Fort McPherson, 500 miles one way. The second will come from Rampart House to meet the Dawson mail, later returning to Rampart and on to Herchel Island.

AMUSEMENTS

"CHEATING CHEATERS"

"Cheating Cheaters" Has Comedy and Drama to Drive Away the Bluest Blues

Does the H. C. of L. give you the blues? Getting tired of strikes, high rents, everything?

Get away from this dismal picture and look for a pleasanter one. Take the wrinkle out of your brow which the front page headlines of your newspaper make deeper. Lock up the house and take an evening off into the Land of Make Believe. Lose yourself to the enchantment of a genuinely good comedy-drama; played by a cast of actors and actresses familiar to theatre-goers of every large city.

This is the prescription that the management of the New Park theatre is making to his patrons this week in announcing the coming of "Cheating Cheaters" the big New York drama at the Park theatre Thursday, Dec. 18th.

"Cheating Cheaters" is not a moving picture.

Catarrhal Deafness Cannot be Cured.

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Druggists, 75c. F. J. Cheney & Co.

WAS PREPARED FOR OPPORTUNITY

If J. P. Tanager had waited until opportunity knocked before preparing himself to meet it, he would probably not have been named Deputy State Bank Examiner recently. Like thousands of others, he was made ready for his big chance by thorough training at Dakota Business College, Fargo, N. D.

Another pupil, Mac Olson, was "ready prepared" when the American Legion's State Secretary recently needed a capable stenographer. She got the job.

"Follow the \$40,000.00 Write P. L. Watkins, Pres., 806 Front St., Fargo, N. D., for information."

Mr. Growcher's Idea.

"The only advantage I can see in getting a doctor to make you younger," said Mr. Growcher, "is that a lot of us old boys will maybe look as if they had some excuse for their foolish ways."

Quick Way To End Stomach Trouble

Wouldn't you like to know once more what it means to feel a good healthy appetite and then sit down and enjoy a hearty meal without suffering from sour, acid stomach, gas, belching, bloating, heart palpitation, nervousness, and other distress as you usually do? Here's a sure way to end stomach trouble. Get a bottle of liquid MAR-LIX. Take it as directed. Watch the result. You'll eat as you never ate before. And you'll enjoy eating. Stomach distress with you will be a thing of the past—gone and forgotten. No matter what you've tried or what has failed, try MAR-LIX. MAR-LIX will not fail. It is absolutely guaranteed by The Marlix Co., Fort Wayne, Ind., and druggists. Get a bottle right now and try it. The first dose will prove

MAR-LIX
 YOUR STOMACH'S FRIEND

Get it at H. P. DUNN, Brainerd, Minn.

AMERICAN LEGION NAMES OFFICERS

Franz R. N. Anderson is Elected Commander, E. G. Roth Vice Commander, Finance Officer Koop

CHAPLAIN, REV. F. ERRINGTON

Laws Governing Displays of Flags Asked to be Compiled With—Sec'y. Baker Scored

At a meeting of the Sydney Carl Hanson Post held in the Citizens State bank hall on Thursday evening, Dec. 11th, the following business was transacted:

A constitution, after the model accepted by the national convention was adopted.

The election of officers was as follows:

Commander—Franz R. N. Anderson.

Vice-Commander—E. G. Roth.

Adjutant—Robt. Gustafson.

Finance Officer—Arthur Koop.

Chaplain—Fred Errington.

A resolution was carried asking that a committee be appointed to prepare amendments and by-laws to the constitution.

Report of committee on flags on school buildings and patriotic exercises in schools, indicating that these matters were given attention in some of the schools but not in others, and asking that the matter receive attention of school board, was adopted, and on motion, it was decided to send copies of the findings and recommendations of the committee to the secretary of the school board and the superintendent of schools.

The report of committee on patriotic exercises in schools, follows:

1. That the principals of the Lincoln, Whittier, Lowell, Harrison and High Schools and several teachers of such schools have been interviewed, and that from these interviews we find that patriotic exercises are held in most cases daily in all of such schools except the high school.

2. That in the high school there has been no effort, as far as we can discover, to comply with the law.

3. That in no case did we find a principal or teacher who was aware of the existence of the law requiring the teaching of patriotism in the schools.

4. That on at least three of the public school buildings, the flag has been allowed to remain exposed to the weather, both day and night, rain or shine, winter and summer, until it has become so faded and weather beaten that it ceased to be a flag. That at the present time this condition exists at the Washington building. That the reason assigned for the failure to lower the flag at night, is that proper flag staffs and means for raising and lowering it have not been provided.

5. That all school buildings in the city are not provided with suitable flags.

AND WE RECOMMEND

1. That the Sydney Carl Hanson Post of the American Legion commend the efforts on the part of the teachers and principals of the Whittier, Lowell, Lincoln and Harrison schools for their efforts along the lines just mentioned.

2. That we recommend that the attention of the school authorities be called to the provisions of Chapters

108, and 312 of the Session Laws of Minnesota for 1917, governing the display of the flag and teaching of patriotism.

3. That we request that the courtesies due the National Emblem, be observed.

4. That we request that the removal of what was a flag be removed from the Washington building immediately and a suitable flag provided.

The following resolution deploring release of Allen S. Broms and asking that Secretary of War Baker, be immediately removed from office, follows:

Whereas, one Allen S. Broms, a convicted disloyalist and slacker was prematurely released from the United States disciplinary barracks at Fort Leavenworth last spring through a clerical error,

And whereas, his present status is that of an escaped convict, and his return to the disciplinary barracks was prevented by the personal direction of the Secretary of War Newton D. Baker,

And whereas, we believe that such action is an affront to patriotism, that it puts courage into the hearts of disloyalists to continue their un-American and anti-American activities,

Be it resolved by the Sydney Carl Hanson Post Number 255 of the American Legion, in session duly assembled, that the action of Secretary Baker be condemned and that we demand his immediate removal from office.

Be it further resolved, that a copy

of this resolution be forwarded to the State and National Headquarters of the American Legion.

Rev. Fred Errington was elected as a committee of one to present all the Legion's decisions, which are of public interest, to the local papers.

A resolution was adopted relative to the inadvisability of selling tickets to Legion function by public canvass. The resolution reads:

Resolved, that the Sydney Carl Hanson Post of the American Legion does not believe it to be to the best interests of the Post to solicit the sale of tickets for any benefit or social gathering with the public at large and that no such solicitation shall occur in connection with any such benefit or social gathering held under the auspices of this Post.

By resolution, unanimously adopted, the members of the local Post of the G. A. R. and Spanish War Veterans were made honorary members of the Sydney Carl Hanson Post.

A letter was read from Senator Knute Nelson acknowledging receipt of resolutions asking that he forward legislation to curb lawlessness.

DECEMBER 17, MYSTERY DATE

Six Planets to be in Conjunction on Next Wednesday, Cold Weather Predicted by Some

ONE MAN SAID 120 BELOW ZERO

One Minister to Preach on "December 17 and the End of the World" on Sunday

Wednesday, December 17, looms large as a mystery date!

Some scientist is accredited with the statement that the earth and six planets will be in conjunction and so ranged in line will shut off the sunlight from Mother Earth for 3 days. Somebody predicted 120 below for the period.

The weather was 23 below Friday night. Down in Southeast Brainerd a man took out extra life insurance so as to tide over the 17th. At the First Presbyterian church the sermon subject next Sunday evening will be: "December 17 and the End of the World."

The writer lived in Alaska some years and one winter faced 68 below on the trail from Dawson up Hunker creek. It was so cold that no horses or dogs were out and in 15 mile walk only three other foolish persons were met. Wise people stay indoors at such temperature. The air was thick with a fog which descended to the height of the mine dumps. It was cold, but at that temperature 10 or more degrees could be added and it wouldn't make you feel any more miserable. The writer froze his chin and in trying to thaw it out, froze his nose and whitened his wrists. Then he "beat it" for a cabin and thawed out.

It was cold, you bet. Patent medicine and "likker" froze on the shelf. The kerosene turned mushy in the can and gained the consistency of slush ice. A bucket of water,

thrown out of doors, had its contents frozen before the water could hit the ground and rained down in a mass of icicles.

At Dawson there was terrific havoc among the thermometers. The average decent, self-respecting thermometer does not register over 50 below. To cover the situation, Dawson people, for they can be humorists even at 68 below, tagged on figures to 100 below to the end of the "busted" tubes of the thermometers.

No deaths were reported. Freighters stopped work, as horses would soon die if exposed to such merciless weather. Which again shows that a man can stand more than a horse, for the writer "cushed" along the route and lived through it.

Rumor commonly has set the temperature for Dec. 17 at some way below zero point. A man can scare up 75 degrees of heat in his home by nursing fires. Subtract from 120 below would bring the temperature up to 45 below in the house and a man can live through that. So cold cannot cause the end of the world next Wednesday.

Boyce's Weekly in a copyrighted story on the meteor which hit the earth near Chicago, says:

"There is no evidence, so far as astronomers know, that this meteor was caused by the conjunction of planets in the eastern sky which is predicted by some to end the world."

"Our old earth is going to wag on for many years yet! It will take more than a few meteors or a string of far-off planets to put it in the discard. So don't commit suicide or spend all your money. We are not going to die at all. If you will just forget to wake up on the morning of Dec. 17, you will never know a conjunction occurred."

Hicks of St. Louis, Mo., publishes an almanac which is eagerly sought these days. He predicted the Minnesota earthquake several years ago, and folks wonder what he has on the conjunction.

EASIEST WAY

To decide what to buy is to call at our store and look over our stock of Diamonds, Watches, Rings, Brooches, Necklaces, Locketts, Scarf Pins, Pendants, Toilet Sets. At Vanek's Jewelry Store, 7th and Laurel.

NOTICE

Complaint has been received that ashes have been thrown in the roadway to the great inconvenience of those using sleds. The throwing of ashes or any other substance in the street is prohibited by ordinance and should be discontinued.

Star Athlete, Although He Lost One Hand

Losing a hand may be considered a handicap but Henry Crisp, of Virginia Polytechnic Institute, refuses to be handicapped. He is rated as the best football and basketball player

in the institute, is one of the best pitchers on the baseball team, and when he has nothing else to do he goes in for track and field sports.

What Is a Creole?

Originally the word was used to denote persons born in the West Indies of Spanish parents to distinguish them from immigrants direct from Spain, aboriginals, negroes or mulattos. It is now used for the descendants of non-aboriginal races born and settled in the West Indies, in various parts of the American mainland and in Mauritius, Reunion or some other places colonized by Spain, Portugal, France or (in the case of the West Indies) by England. The use of the word by some writers as necessarily implying a person of mixed blood is entirely erroneous. In itself "creole" has no distinction of color; a creole may be a person of European, negro or mixed extraction, or even a horse. French Canadians are never Creoles. —Brooklyn Eagle.

THIS TREATMENT WILL CURE YOU

Costs Only 25c.

One whose intent and purpose is to remove the cause and cure the patient. With its use many serious operations may be avoided and much expense saved in the treatment of dangerous diseases. Prepared by leading medical specialists, after years of experience in treating diseases of the Liver, Stomach and Bowels, such as Appendicitis, Gall-Stones, Constipation, Dyspepsia, Sick-headaches, Dizziness, Dropsy, loss of appetite and complicated Chronic Stomach and Bowel Diseases. Records by statistics show that they cure in most cases, after all others have failed.

The protected trade name of this treatment Red Cross Liver Pills; put up in watch-shaped screw top bottles, enough for about two months. Sold in Brainerd by Johnson's Pharmacy and H. P. Dunn or sent by Rea Bros., Minneapolis, Minn.

President Walks First Time in Weeks

(By United Press)

Washington, Dec. 13—President Wilson walked today for the first time since shortly after he became ill. During the weekly visit of Dr. Dercum of Philadelphia the president walked from his bed to the desk in his sick room.

Dr. Dercum said that President Wilson was greatly improved. Dr. Grayson, it was learned, is considering taking his patient for a motor ride.

Refuse to Treat With Bolsheviks

(By United Press)

Copenhagen, Dec. 13—The American, British, French and Italian ministers here were reported to have returned the peace note of Boris Litvinoff, bolshevik envoy, without replying to it. They announced that Litvinoff had broken the conditions of the conference which was called to deal with the exchange of prisoners.

German Toys on the Market

(By United Press)

Washington, Dec. 13—German toys, hundreds of thousands of dollars worth, are on the Christmas market according to government reports here today.

Figures at the department of commerce showed that German dolls and toys valued at \$515,000 were imported during the months of September and October.

Irish Leaders Aided Enemy Is Charge

(By United Press)

Washington, Dec. 13—Irish republic leaders today were accused of giving aid and comfort to our enemies during the war, by George L. Fox of New Haven, Connecticut, in reopening the hearing on the Irish question before the house foreign affairs committee.

LAW PROHIBITS ASSIGNMENT OF BONUS CLAIMS

Calumet Bank, Assignee, Sends Claim to Board; Is Referred to Attorney General

St. Paul, Dec. 12—Prosecution of assigners and assignees of state soldiers' bonus claims are threatened by the bonus board.

Notice of assignment by Ezra Stevens, Calumet, of \$50 to his claim at 8 per cent interest served upon the board late yesterday by the Calumet State bank, assignee, was referred for action to Col. A. F. Pratt, assistant attorney general assigned to the board. The first proposal was to forward the file direct to the St. Louis county attorney, but because the case was the first presented, it was decided to submit it to Colonel Pratt.

The bonus law prohibits assignments of bonus claims under any circumstances and makes attempts to violate the provision punishable as misdemeanors.

RAMSEY COUNTY AUDITOR'S CLERK IS FOUND GUILTY

St. Paul, Dec. 12—Patrick J. Costello, former clerk in the Ramsey county auditor's office was found guilty yesterday on a charge of larceny in the second degree in connection with an alleged shortage of more than \$10,000 in the county treasurer's office. The jury in the case was out less than 30 minutes. Conviction means a prison term of not to exceed five years.

Costello was the first of seven men to be brought to trial in connection with the alleged shortages.

WORKHOUSE NOT NEEDED; ABANDONMENT IS URGED

The workhouse, long an institution in St. Paul, soon may pass out, if the recommendation of the grand jury is followed. The grand jury declared that prohibition practically had eliminated any necessity for it and suggested that the taxpayers be relieved of its upkeep. There now are twenty-five inmates. In the palmy days before July 1st, it often boasted of 250.

Reason in His Preferences.

Seth Slicker likes to take chances on doing business with a perfect stranger. Seth has lived in our community so long that a stranger is the only kind of a man he can hope to fool.—Washington Star.

LOCAL NEWS NOTES

Continued from page 2

of Alfred Johnson of Bay Lake; a milking machine and DeLo water and light plant for Karl Hiplick on his farm north of Pillager; a DeLo light and water plant at Charles Wood's store at Hackensack.

H. C. Muncy returned last night from Rochester where he had been with a load of household goods. He states that the roads between here and St. Paul are in excellent condition and good time was made. South of St. Paul, however, he encountered bad roads and heavy snow drifts. Mr. Muncy states that the southern part of the state has much more snow than has fallen in this section.—Little Falls Transcript.

While shopping today we saw so many beautiful things, suitable for Christmas gifts on display at the Patrek Furniture Store on Seventh St., things not only beautiful, elegant, but combining the needful and practical as well, things that would be more than acceptable as gifts by those of the most fastidious tastes. We just want to say to those who are looking for the real thing, the worth-while gift, that will be a joy forever. Don't miss seeing these things and you'd better go before it's too late, and to, this store is making an announcement next week that will be of interest of everybody. Watch for it. 16312

16799 DIED

New York City alone from kidney trouble last year. Don't allow yourself to become a victim by neglecting pains and aches. Guard against this trouble by taking

GOLD MEDAL HARLEM OIL CAPSULES

The world's standard remedy for kidney, liver, bladder and uric acid troubles. Holland's national remedy since 1696. All druggists, three sizes. Guaranteed. Look for the name Gold Medal on every box and accept no imitation.

OLD-TIME COLD CURE—DRINK HOT TEA!

Get a small package of Hamburg Dred Tea at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teaspoon full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus breaking up a cold.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

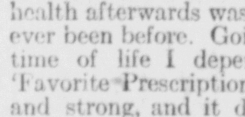

RUB RHEUMATISM FROM STIFF ACHING JOINTS

Rub Soreness from joints and muscles with a small trial bottle of old St. Jacobs Liniment

Stop "dosing" Rheumatism. It's pain only; not one case in fifty requires internal treatment. Rub soothing, penetrating "St. Jacobs Liniment" right on the "tender spot," and by the time you say Jack Robinson—out comes the rheumatic pain. "St. Jacobs Liniment" is a harmless rheumatism cure which never disappoints and doesn't burn the skin. It takes pain, soreness and stiffness from aching joints, muscles and bones; stops sciatica, lumbago, backache, neuralgia. Limber up! Get a 30 cent bottle of old-time, honest "St. Jacobs Liniment" from any drug store, and in a moment you'll be free from pains, aches and stiffness. Don't suffer! Rub rheumatism away.

Tell All The World "PAIN IN MY SIDE"

Davenport, Iowa.—"I wish I could tell all the world how much I owe to Dr. Pierce's Favorite Prescription. I was nearing middle life when my last child came and my health was miserable. I had continuous pain in my right side. I took nine bottles of 'Favorite Prescription' and can truly say that I suffered the least and my health afterwards was better than it had ever been before. Going thru the critical time of life I depended solely upon 'Favorite Prescription' to keep me well and strong, and it did not fail me. I had none of the distressing symptoms most women have at this period, such as heat flashes and dizzy spells. I came thru in excellent health and am still just as strong and well as I was thirty years ago, thanks to this best of medicines, Dr. Pierce's Favorite Prescription."—Mrs. ALICE VAN ARNAM, 1705 W. 4th St.

FOR ALL AILING WOMEN

Foley, Minn.—"Some years ago Dr. Pierce's Favorite Prescription cured me of a case of woman's weakness and since that time I have become the mother of seven healthy children. I have always taken the 'Prescription' and not one of my children was ever puny or sickly. They have grown up strong, and I have been in the best of health these many years. Due to the constant use of this medicine, I hardly know what I would have done without it. I feel safe in recommending it to all ailing women. There is nothing better.

"We also keep Dr. Pierce's 'Pleasant Pellets' in the house for immediate use."—Mrs. GEO. WALBRIDGE, Lock Box 318.

"MASKED MARVEL"

Wrestler Promoted by E. J. McDardell of Minneapolis Wants Date in Brainerd

The "Masked Marvel" of Minneapolis, managed by E. J. McDardell, 350 McKnight building, Minneapolis, wants a date in Brainerd. "The Masked Marvel," writes McDardell, "is just what the title indicates, a real marvel in his profession. While in the U. S. service he acted as athletic instructor and before acting in this capacity he had defeated some of the best men now holding professional titles."

In order to continue him a wrestler mystery, his past as well as his face is kept masked. He weighs 190 pounds ring side.

BUY IN BRAINERD

Buy in Brainerd is the slogan. When you buy in Brainerd you support home industry, the money stays in Brainerd and does its share paying taxes for schools, street improvements, parks, etc. You give employment to Brainerd labor and you help build up Brainerd.
